Important: please adhere to instructions to authors, to be found on the last page of each volume.

After acceptance of the paper for publication, all further correspondence should be sent to the publishers (Ms. S.A. Hallink, Editorial Department, North-Holland Physics, P.O. Box 103, 1000 AC Amsterdam, The Netherlands; telephone 31-20-5862664, FAX 31-20-5862319, telex 10704 espom nl; electronic mail X400: C=NL; A=400NET; P=SURF; O=ELSEVIER; S=NHPDESKED or RFC822: NHPDESKED@ELSEVIER.NL).

Chemical Physics Letters is published weekly. For 1991, 11 volumes, volumes 175–185 (66 issues) have been announced. The subscription price for these volumes is Dfl. 5005.00 (US$ 2705.00). Postage and handling amount to Dfl. 330.00 (US$ 178.00). Therefore the total price for 1991 is Dfl. 5335.00 (US$ 2884.00). The Dutch guilder price is definitive, dollar prices are for guidance only. Claims for issues not received should be made within three months of publication. If not, they cannot be honoured free of charge.

Subscriptions should be sent to the publisher: ELSEVIER SCIENCE PUBLISHERS B.V., Journals Department, P.O. Box 211, 1000 AE Amsterdam, The Netherlands, or to any subscription agent or bookseller. For personal rates and conditions please contact the Publisher.

No part of this publication may be reproduced, stored in a retrieval system or transmitted in any form or by any means, electronic, mechanical, photocopying, recording or otherwise, without the written permission of the Publisher, Elsevier Science Publishers B.V., P.O. Box 103, 1000 AC Amsterdam, The Netherlands.
Special regulations for authors. Upon acceptance of an article by the journal, the author(s) will be asked to transfer copyright of the article to the publisher. This transfer will ensure the widest possible dissemination of information.
Submission to this journal of a paper entails the author's irrevocable and exclusive authorization of the publisher to collect any sums or considerations for copying or reproduction payable by third parties (as mentioned in article 17 paragraph 2 of the Dutch Copyright Act of 1912 and in the Royal Decree of June 20, 1974 (S.351) pursuant to article 16b of the Dutch Copyright Act of 1912) and/or to act in or out of Court in connection therewith.
Special regulations for readers in the USA. This journal has been registered with the Copyright Clearance Center, Inc. Consent is given for copyright of articles for personal or internal use, or for the personal use of specific clients. This consent is given on the condition that the copier pays through the Center the per-copy fee stated in the code on the first page of each article for copying beyond that permitted by Sections 107 or 108 of the US Copyright Law. The appropriate fee should be forwarded with a copy of the first page of the article to the Copyright Clearance Center, Inc., 21 Congress Street, Salem, MA 01970, USA. If no code appears in an article, the author has not given broad consent to copy and permission to copy must be obtained directly from the author. All articles published prior to 1981 may be copied for a per-copy fee of US$ 2.25, also payable through the Center. This consent does not extend to other kinds of copying, such as for general distribution, resale, advertising and promotion purpose, or for creating new collective works. Special written permission must be obtained from the publisher for such copying.
No responsibility is assumed by the Publisher for any injury and/or damage to persons or property as a matter of products liability, negligence or otherwise, or from any use or operation of any methods, products, instructions or ideas contained in the material herein. Although all advertising material is expected to conform to ethical standards, inclusion in this publication does not constitute a guarantee or endorsement of the quality or value of such product or of the claims made of it by its manufacturer.

Professor Dr. M. Quack, Laboratorium für Physikalische Chemie, ETH-Zentrum, CH-8092 Zurich, Switzerland. FAX 41-1-2523402

Professor C.N.R. Rao, F.R.S., Solid State and Structural Chemistry Unit, Indian Institute of Science, Bangalore 560012, India. FAX 91-812-341683

Professor S.A. Rice, Department of Chemistry, The James Franck Institute, The University of Chicago, 5640 Ellis Avenue, Chicago, IL 60637, USA. FAX 1-312-7025863

Professor J.L. Rivail, Laboratoire de Chimie Théorique, Université de Nancy I, B.P. 239, 54506 Vandœuvre lès Nancy Cedex, France. FAX 33-839-12367

Professor B.O. Roos, Theoretical Chemistry, Chemical Center, University of Lund, Box 124, S-221 00 Lund, Sweden. FAX 46-46-104543

Professor R.J. Saykally, Department of Chemistry, University of California, Berkeley, CA 94720, USA. FAX 1-415-6428369

Professor H.F. Schaefer III, Center for Computational Quantum Chemistry, School of Chemical Sciences, University of Georgia, Athens, GA 30602, USA. FAX 1-404-5420406

Dr. R. Schinke, Max-Planck Institut für Strömungsforschung, Postfach 2853, W-3400 Göttingen, Germany. FAX 49-551-7092704

Professor E.W. Schlag, Lehrstuhl für Physikalische Chemie I, Technische Universität München, Lichtenbergstrasse 4, W-8046 Garching near Munich, Germany. FAX 49-89-32093389

Professor D.W. Setser, Department of Chemistry, Kansas State University, Manhattan, KS 66506, USA. FAX 1-913-5326666

List of Advisory Editors

Professor Y.R. Shen, Department of Physics, University of California, Berkeley, CA 94720, USA

Dr. W. Siebrand, Division of Chemistry, National Research Council of Canada, Ottawa, Ontario, Canada K1A 0R6. FAX 1-613-9520986

Professor J. Simon, Laboratoire de Chimie et Electrochimie des Matériaux Moléculaires, ESPCI, CNRS UA 429, 10 rue Vauquelin, 75231 Paris Cedex 05, France

Professor J.P. Simons, F.R.S., Department of Chemistry, The University of Nottingham, Nottingham NG7 2RD, UK. FAX 44-602-705874

Professor R.E. Smalley, Department of Chemistry, Rice University, Houston, TX 77001, USA. FAX 1-713-2855155

Professor D. Smith, F.R.S., Department of Space Research, University of Birmingham, Edgbaston, Birmingham B15 2TT, UK

Professor I.W.M. Smith, Department of Chemistry, University of Birmingham, Edgbaston, Birmingham B15 2TT, UK. FAX 44-21-4144403

Dr. B. Soep, Laboratoire de Photophysique Moléculaire, Bâtiment 213, Université de Paris Sud, 91405 Orsay, France. FAX 33-694-16777

Professor S. Stolte, Department of Chemistry of the Free University, De Boelelaan 1083, 1081 HV Amsterdam, The Netherlands. FAX 31-20-461479

Professor W.C. Stwalley, Department of Chemistry and Physics, The University of Iowa, Iowa City, IA 52242, USA. FAX 1-319-3352951

Professor D. Thomas, Department of Chemistry, Gilbert Hall 153, Oregon State University, Corvallis, OR 97331-4003, USA. FAX 1-503-7372062

Professor B.A. Thrush, F.R.S., Department of Physical Chemistry, University of Cambridge, Lensfield Road, Cambridge CB2 1EP, UK. FAX 44-223-336362

Professor J. Troe, Institut für Physikalische Chemie der Universität, W-3400 Göttingen, Germany. FAX 49-551-393144

Professor D.G. Truhlar, Department of Chemistry, University of Minnesota, Minneapolis, MN 55455, USA. FAX 1-612-6269390

Professor R.S. Williams, Department of Chemistry and Biochemistry, University of California, Los Angeles, CA 90024, USA. FAX 1-213-2065381

Professor C. Wittig, Department of Chemistry, University of Southern California, Los Angeles, CA 90089, USA. FAX 1-213-7402701

Professor Dr. H.C. Wolf, Physikalisches Institut der Universität, Pfaffenwaldring 57, W-7000 Stuttgart 80, Germany. FAX 49-711-6853500

Professor A. Yoshimori, Faculty of Engineering Sciences, Osaka University, Toyonaka, Osaka 560, Japan. FAX 81-6-8454632

Professor R.N. Zare, Department of Chemistry, Stanford University, Stanford, CA 94305, USA. FAX 1-415-7250259

Professor G. Zerbi, Dipartimento di Chimica Industriale e Ingegneria Chimica, Politecnico di Milano, Piazza Leonardo da Vinci 32, 20133 Milan, Italy. FAX 39-2-2362589

JOURNALS IN PHYSICS - 1991

Applied Surface Science
Volumes 47-54 in 32 issues. Price: US $1460.75/Dfl.2600.00

Chemical Physics
Volumes 149-157 in 27 issues. Price: US $1972.00/Dfl.3510.00

Chemical Physics Letters
Volumes 175-185 in 66 issues. Price: US $2997.25/Dfl.5335.00

Computer Physics Communications
Volumes 61.65 in 15 issues. Price: US $1446.75/Dfl.2575.00

Fluid Dynamics Research
Volumes 8 and 9 in 12 issues. Price: US $348.25/Dfl.620.00

Journal of Crystal Growth
Volumes 105-113 in 36 issues. Price: US $3539.50/Dfl.6300.00

Journal of Luminescence
Volumes 49-51 in 18 issues. Price: US $699.75/Dfl.1245.00

Journal of Magnetism and Magnetic Materials
Volumes 94-102 in 27 issues. Price: US $2199.50/Dfl.3915.00

Journal of Non-Crystalline Solids
Volumes 127-136 in 30 issues. Price: US $2163.00/Dfl.3850.00

Journal of Nuclear Materials
Volumes 176-184 in 27 issues. Price: US $2199.50/Dfl.3915.00

Materials Letters
Volumes 10 and 11 in 24 issues. Price: US $393.50/Dfl.700.00

Materials Science Reports
Volumes 6 and 7 in 16 issues. Price: US $376.50/Dfl.670.00

Nuclear Instruments and Methods in Physics Research - Section A
Accelerators, Spectrometers, Detectors and Associated Equipment
Volumes 297-309 in 39 issues. Price: US $4309.00/Dfl.7670.00

Nuclear Instruments and Methods in Physics Research - Section B
Beam Interactions with Materials and Atoms
Volumes 53-61 in 36 issues. Price: US $2983.25/Dfl.5310.00
Reduced combined 1991 subscription to Nuclear Instruments and Methods in Physics research - A and B:
Price: US $6612.75/Dfl.11,770.00

Nuclear Physics A
Volumes 521-535 in 60 issues. Price: US $4255.75/Dfl.7575.00

Nuclear Physics B
Volumes 347-365 in 57 issues. Price: US $5390.50/Dfl.9595.00
Reduced combined 1991 subscription to Nuclear Physics A and B:
Price: US $7927.00/Dfl.14,110.00

Nuclear Physics B - Proceedings Supplements
Volumes 19-23 in 10 hardcover issues
Price: US $702.25/Dfl.1250.00
Reduced 1991 subscription if combined with Nuclear Physics B or Nuclear Physics A and B: US $578.75/Dfl.1030.00

Optics Communications
Volumes 80-85 in 36 issues. Price: US $1230.50/Dfl.2190.00

Physica A - Statistical and Theoretical Physics
Volumes 170-179 in 30 issues. Price US $1994.50/Dfl.3550.00

Physica B - Condensed Matter Physics
Volumes 168-174 in 28 issues. Price: US $1396.25/Dfl.2485.00

Physica C - Superconductivity
Volumes 172-184 in 78 issues. Price: US $2592.75/Dfl.4615.00

Physica D - Nonlinear Phenomena
Volumes 47-52 in 18 issues. Price: US $1196.75/Dfl.2130.00
Reduced rates are available for combined subscriptions to Physica - please contact the publisher for details.

Physics Letters A
Volumes 150-159 in 90 issues. Price: US $1685.50/Dfl.3000.00

Physics Letters B
Volumes 253-271 in 76 issues. Price US $3202.25/Dfl.5700.00

Physics Reports (including Computer Physics Reports)
Volumes 201-214 in 84 issues. Price: US $2359.75/Dfl.4200.00
Reduced combined 1991 subscription to Physics Letters A, Physics Letters B & Physics Reports: Price: US $6281.00/Dfl.11,180.00

Solar Energy Materials
Volumes 23 and 24 in 8 issues. Price: US $320.25/Dfl.570.00

Solid State Ionics
Volumes 44-50 in 28 issues. Price: US $1180.00/Dfdl.2100.00

Surface Science
Volumes 241-257 in 51 issues. Price: US $4145.75/Dfl.7395.00

Surface Science Reports
Volume 14 in 8 issues. Price: US $182.75/Dfl.325.00
Reduced combined 1991 subscription to Surface Science (including Surface Science Letters), Applied Surface Science and Surface Reports: US $5368.00/Dfl.9555.00

Ultramicroscopy
Volumes 37-41 in 20 issues. Price: US $955.25/Dfl.1700.00

Please note that prices are subject to exchange rate fluctuations. The Dutch guilder price is definitive, unless otherwise stated. All prices include postage & handling charges. Please contact the publisher for information on delivery rates.

Solid State Ionics
Surface Science
Surface Science Letters
Surface Science Reports
Ultramicroscopy

Indispensable Handbooks:

Handbook on Ferromagnetic Materials
Handbook on Semiconductors
Handbook on Synchrotron Radiation
Handbook on the Physics and Chemistry of the Actinides
Handbook of Plasma Physics
Laser Handbook

Book Series:

Cohesion and Structure
Current Physics - Sources and Comments
Defects in Solids
Dislocations in Solids
Dynamical Properties of Solids
Enrico Fermi International School of Physics
Les Houches Summer School of Theoretical Physics
Materials Processing: Theory and Practices
Modern Problems in Condensed Matter Sciences
Niels Bohr Collected Works
North-Holland Delta Series
North-Holland Personal Library
Progress in Low Temperature Physics
Progress in Optics
Random Materials and Processes
Selected Topics in Solid State Physics
Studies in Mathematical Physics
Studies in Statistical Mechanics

...and of course a large variety of books.
